

## Don't Cross the Streams (the Layers of Being)

That is the newbie mistake.

The attempt to SIMULTANEOUSLY be 'god and man'.  
Or some other combination.

Now it depends upon the world you find yourself in,  
if you are in a 'heaven realm', then yes, such a mixing  
is the reason for your being there.

But in a 'hell world' the mixing causes nothing but suffering,  
as the 'movie' does not allow for the mixing to work well.

The purpose of 'hell worlds' is to remind one, that they  
are pure UNBOUNDED AWARENESS, and through  
suffering, to help the 'meat fall off of the bone'.

That's a dreadful saying, but quite accurate,  
metaphorically.

But even in a 'hell world', one can VIEW ones true nature  
of UNBOUND AWARENESS and THIS or THAT.

Just don't mix them. This world is not a place for mixing.
